A CLASSIC CHRISTMAS BALLET IN TWO ACTS

Music by Tchaikovsky

Story by Lev Inanov

ACT I.

The family of Dr. Stahlbaum is entertaining guests on Christmas Eve. Their children, Clara and Fritz, are excited about the Christmas gifts and party atmosphere. A knock is heard at the door and Herr Drosselmeyer, the local toymaker, enters. Among the gifts he has brought for the children are two beautiful dolls which dance. He gives Clara a Nutcracker soldier which he has made. Fritz becomes jealous, grabs the toy, and in the scuffle, the Nutcracker is broken. Herr Drosselmeyer binds his head back with a handkerchief, and the children are sent up to bed as the guests depart. The house grows dark. Clara tiptoes into the parlor to take a last look at the presents. She hears the clock strike and looks in amazement as it flaps its wings like an owl. Then a large mouse scurries across the room, looking for crumbs from the party. The tree grows larger . . . and larger . . . and larger. Soon there are more mice, knowing at everything. The toy soldiers come to life and fight the mice. As Clara shivers with fear on the sofa, the Mouse King enters and fights with her beloved Nutcracker, now grown quite large. As the Mouse King triumphs, Clara hits him with her shoe, ending his power over the Nutcracker. Clara sees that her Nutcracker has become a marvelous Prince, who invites her to go with him to the Land of The Sweets. First they must pass through the Kingdom of Snow, where they meet the Snow King and Queen and the Snowflakes.

## ACT II

Clara and the Nutcracker Prince enter the Land of the Sweets, where they are greeted by the Sugarplum Fairy, who welcomes them and commands that a special throne be brought for them and entertainments provided. The refreshments are served up as dances: Chocolate is a Spanish dancer; Coffee is from Arabia; Tea from China; then the Marzipan candies and a Russian dancer furnishes some fun. Next comes big Mother Ginger with her Polichinelles (little clowns) who appear as a surprise, followed by the candy Flowers. After these entertainments comes the grandest of all when the Sugarplum Fairy consents to dance with the Nutcracker Prince. But all good things must come to an end and the Nutcracker Prince gently takes the sleepy Clara to the tiny sleigh which will take her back to her home and her bed, where she will continue her dreams of Sugarplums on Christmas Eve.

The Maryville-Alcoa Civic Ballet depends entirely on ticket revenue and contributions from patrons for its livelihood. It has no paid employees, but even with all the essential services and hundreds of hours of time being donated, the company annually must face expenses of \$15,000 or more. Ticket sales cannot generate that amount of money and the company must depend on gifts from the community. If you share Maryville-Alcoa Civic Ballet's goals of excellence, or feel its continued financial health will benefit the community, we encourage you to become a Benefactor (\$50), Patron (\$25), or a Friend (\$10).
